## BG Commission Dallies Over Torrence License

**BELLE GLADE** — The dilemma as to whether to renew the alcoholic beverage license to Gus Torrence, Belle Glade resident who figured prominently in the recent trial of T. Harold Williams, former county solicitor, highlighted the regular meeting of the Belle Glade City Commission Wednesday night.

Torrence's application for license renewal was excluded from a successful motion to renew 13 other alcoholic beverage licenses.

The dilemma arose as City Attorney Claude Jones reported that the present county attorney and the assistant state attorney have expressed verbal opinions that the Belle Glade Commission should not rule adversely to Torrence because of his testimony in the Williams trial, which was given under cloak of specially-granted immunity.

Commissioner Marvin Unwin reported he had been contacted by the former of the grand jury, who said he feared the county would have trouble obtaining future testimony by granting immunity, if municipalities were then to ignore such immunity in their rulings.

Torrence allegedly admitted to the grand jury, under oath and immunity, that he had bribed public officials. Commissioner Jess Livingston contended that this reported admission was proof that Torrence was not a person of good moral character, and that therefore his license application should be denied.

Mayor Z. T. Ingram and Commissioner Walter Ashley said they feared the city would be involved in law suits if the application were denied because of Torrence's grand jury testimony. Commissioner William Evans said he believed the character of some other license holders was questionable, and he desired more time to study the situation.

Commissioner Ashley moved to grant the Torrence license.

## Volume Up Again At BG Cattle Sale

**BELLE GLADE** — Dollar volume at Monday's sale at Glades Livestock Market approached the \$1 million mark, as 1,440 head brought \$87,000.00, according to George C. Young, manager.

Included in the offering were 222 calves, 181 yearlings, 145 heifers, 315 cows, 555 steers and 22 bulls. Thirty-seven percent went to slaughter. Price gains were marked by stock heifers, which brought 50 cents to \$1 per cwt, higher than last week. Sale summary:

**Slaughter**  
Steers: 12.50-15.25, Com. 14.30, Uty. 12.50-13.75, Heifers: 12.00, Uty. and Cut. 10.25-11.25, Calves: Com. 13.25-13.75, Uty. 10.50-12.75, Cut. 9.50-10.00, Cows: Uty. 10.75-11.00, Cut. 9.00-10.75, Can. 7.00-9.20, Bulls: Cut 10.00-11.75, Can. 9.50.

**Stockers**  
Steers: 9.00-15.20, Heifers: 9.25-15.30, Calves 9.00-15.25; Cows: 7.00-10.25.

## APPRECIATION DAY BENEFIT FOR DR. SPOONER, GLADES PIONEER

**PIONEER DOCTOR** — Dr. Doster S. Spooner, as he was pictured several years ago when he was bed-ridden with a broken leg.

### CHANGE OF HOURS

Beginning next week, windows in the Pahokee post office will be open until 8 p. m., with the exception of the money order window, which will close at 5:30, according to Postmaster E. A. Jensen. Also, the post office will be open all day Wednesdays.

## Chamber Moves To New Building

**PAHOKEE** — This city's new downtown Civic Building will be put into use for the first time this weekend when the Chamber of Commerce moves its office equipment into it.

Mrs. Mae Pope, chamber secretary, said files and equipment would be moved beginning the afternoon. New rattan furniture and a new executive desk have already been installed in the Civic Building since the move.

Steel file cabinets have been repainted by M. P. Stanley to blend with the new building's interior color scheme.

First group to officially meet in the building will be a Chamber of Commerce canvassing board, which will tally ballots Saturday afternoon cast in a mail ballot to elect four new members to serve terms of three years each.

Serving on the committee are Curtis Chase, Leonard Dobrow, B. Don, Rep. B. E. Ellard, Claude Shirley, Jerry Gold and Marshall Laird.

Mrs. Pope said more than 80 percent of the election ballots had been returned to her office. She urged those who haven't voted, to do so immediately, as the deadline on the election is Saturday noon.

The city library will be installed in the new building when new equipment for its use arrives.

## Rep. Roberts At Orlando Meeting

**BELLE GLADE** — Rep. Emmett Roberts joined the Palm Beach County delegation yesterday in Orlando which appeared before the State Board of Control to plead for the continuation of a four-year university in the county.

Also appearing on the county "team" were County Commissioners Lake Lyral and Roy Michael, Jr., County Attorney Harry H. Jones, Rep. C. E. Chalmers, Jr., and Sen. F. O. Dickinson.

Traveling to the meeting with Rep. Roberts were Rep. Nathan Davis, Rep. J. J. Griffin of St. Cloud.

While the county commission is scheduled to meet to plan for location of the new school near Lake Worth on landed of Florida Vegetable Sales, Inc., Mr. Jones reported that the firm has taken over the latter company, formerly operated by Homer J. Clausen, who was associated with Jones this season. A seasonal office will be maintained by the firm in New Bern during the summer months.

**PAHOKEE** — Dr. Doster S. Spooner, pioneer Glades doctor now in his mid-70's, will be the beneficiary on Saturday at a special benefit "Dr. Spooner Appreciation Day" barbecue given him by fellow members of Pahokee Lodge No. 1638 of the Benevolent and Protective Order of Elks.

The public is invited to the Elks Club beginning at 8 p. m. Open house will be held after the feed, followed by a free dance.

Dr. Spooner and his wife came to the Glades in February, 1918, in a cutdown Model T Ford from Parrish, Fla., where he had moved seven years earlier from Colquitt, Ga. They reached Indian town over sandy, rutted roads, crossed the St. Lucie Canal on a barge, and took a dirt trail around the lake to the east shore where the fishermen had made wonderful discoveries.

They spent their first night in the Glades under a cypress tree with the stars for a roof. The next day the doctor salvaged enough tar paper to build a one-room shack which doubled as kitchen and office.

He served the area Lake Okechobee-Glades Community, traveling on his errands of mercy via ox wagons through jungle swamps, and

**CAREERS FOR WOMEN** — As part of its observance of National Business Women's Week, Pahokee BWP Club put together this downtown window display to impress upon teenage girls the wide variety of positions available to them in many lines of work. Display dolls were contributed by club members. Mrs. Ted Johnson headed the display committee.

## GAMOT SHOES SHOD SHIPWRECK VICTIM, PHILADELPHIA MAYOR

**PAHOKEE** — A. J. Gamot, local businessman who immigrated to the U. S. years ago from France, hasn't had the pleasure of having a picture of his face in big city newspapers, but as the headline on the election is Saturday noon.

M. Gamot returned recently from a trip to his native country. And therein lies a story. He sailed in July aboard the liner, Ile de France. En route from New York the ship assisted in rescuing victims in the famous collision between the liners Stockholm and Andrea Doria which sank the latter and claimed about 50 lives.

## Jones Firm Back In Canal Point

**CANAL POINT** — Announcement has been made by S. M. Jones of New Bern, N. C., that the S. M. Jones & Co. is moving its headquarters to Canal Point, effective Oct. 1.

The firm discontinued its farming operations in Canal Point in 1952 but retained its packing shed and pre-cooling plant which was used last year by Florida Vegetable Sales, Inc.

Mr. Jones reported that the firm has taken over the latter company, formerly operated by Homer J. Clausen, who was associated with Jones this season. A seasonal office will be maintained by the firm in New Bern during the summer months.

Under a different set of circumstances, says Gamot, he would have had to come home barefooted.

The mayor also sent along front-page newspaper clippings showing him sitting, exhausted, on a sofa. He was barefoot, but the shoes were alongside and were identified as having been "borrowed from a Frenchman."

Under a different set of circumstances, says Gamot, he would have had to come home barefooted.

## Pahokee Council Loses No Time On Garbage Tax

**PAHOKEE** — Residents who will be receiving their current water department monthly bills in the next few days from the City of Pahokee will note that their monthly garbage tax has gone up slightly.

For at Monday night's regular City Council meeting, first and second readings were given to an ordinance which will raise the garbage tax beginning Oct. 1. Council action was unanimous.

Garbage fees will be raised from \$1 to \$1.50 per month for residences, and from \$1.67 to \$2.50 for business houses.

Council moved to ask for bids for a new fire truck which would cost approximately \$15,000 and be paid for over a five-year period, and a new one-half ton pick-up truck for the sanitation department.

A resolution was formally passed accepting the city budget informally agreed upon by the councilmen who met a week earlier to iron out budget details.

Council President George Tucker, Jr., said \$2,500 is provided for new playground equipment. Tucker named himself, Councilman Blanche Armstrong, and Councilman John Hatten to a committee to study the need for such equipment and present a formal report at the next meeting.

Mayor F. S. Parrish presented a report on the housing situation. Councilman Tucker said that 143 families were living at Everglades Camp, which has 82 reservations for families, and 25 reservations for individuals, and 135 reservations by companies and growers.

The Council utilized its power to name one Pahokian to the board of directors of the county RDB, naming William S. Plumer and Curtis Chase as first and second choices to fill the expiring three-year term of Lewis Friend.

R. S. Crews, always a colorful speaker when he attends Council meetings, urged the governing body to mend its ways in governing the city.

He urged the council to make changes in the charter to prevent the council from spending large sums of money without referendum to voters, and a provision that councilmen would automatically lose their position after removal from serving on the council if they attended more than three meetings without legitimate excuses.

Councilman Armstrong agreed with Crews on the former, and Councilman Wilder voiced agreement on the latter proposal.

## University Mourns Death of Tedder

**GAINEVILLE** — The University of Florida community mourns the passing of Paul M. Tedder, 47, former Canal Point resident, who died last week in Jacksonville.

Tedder, faculty member, whose research was instrumental in the development of the proximity fuse, for aircraft missiles, developed at the university, was also known for a number of other inventions in the engineering field.

For his work on the proximity fuse, known as the "second most contributing factor in winning World War II, outside of atom bomb," Tedder received a certificate in 1943 from the National Scientific Invention and Development.

In 1945, the research scientist was awarded a Naval Ordnance Development Award and certificate for experimental service, and in 1948, a certificate of appreciation from the War and Navy Departments.

Tedder was born Oct. 3, 1908, in Tullahoma, Ga. He was graduated from Canal Point high school when it was the only high school in the Glades. His friends included many residents and Washington officials.

At the special Aberdeen Angus sale held last week, Young reported that 695 cattle sold for a total of \$57,569.23, and brought an average of \$16.11 per pound and \$82.83 per unit.

**Special Hereford Sale Next Friday**

**BELLE GLADE** — Seminoles Farm will hold a special Hereford cattle auction next Friday at Glades Livestock Market, offering 50 bulls, 21 bred heifers and six open heifers for sale.

George C. Young, market manager, has announced.

At the special Aberdeen Angus sale held last week, Young reported that 695 cattle sold for a total of \$57,569.23, and brought an average of \$16.11 per pound and \$82.83 per unit.

## CURRENTLY .....

Despite all the ado on the industrialization of Palm Beach County, the core of the Glades economy will continue to be agricultural production. Rep. Rogers is to be commended for his announcement at last week's Rotary-Lions-BPW-Jaycees joint meeting in Belle Glade that he'll try to get re-instated the \$40,000,000 federal appropriation for further Flood Control District work in South Florida, which the powers-that-be knocked out of the current federal budget.

— PED —

New remote controls permit banks to control operation of vault locks from afar. If only such remote controls could be put to use on those Suz Canal locks.

— PED —

Washington, D. C., is referred to as "the nation's home town" by National Geographic magazine. After the November elections, it'll be an old home town for some, a new home town for others.

— PED —

After a visit to California, St. Petersburg publishers observed the smog and termed it "garbage in the sky." That's an apt description. Glades and county officials would do well to review their laws on zoning and regulating industries, as well as taking steps to prevent water pollution.

## KNOW CANCER FACTS

A life-saving message from your Unit of the American Cancer Society: — Don't risk your life by not knowing a few facts. Knowing the facts about cancer can help save your life — if the disease should strike. Send today for the free American Cancer Society booklet, **WRITE CANCER**, care of your local post office or The Palm Beach County Unit, American Cancer Society, 133 Lakeview Avenue, West Palm Beach, Florida.

BY WIN PENDLETON

## SMATHERS' PREDICTS...

Senator Smathers says Stevenson will beat Eisenhower in November. Florida's junior senator is just back from a political tour with Sen. Stuart Symington to the West. He is heard of the Senate Democratic campaign committee. His job is to keep an eye on all Democratic senatorial races. This gives him the status of an expert on matters touching on political balance and the relative strength of candidates on a national level.

When he returned to Washington from Texas, he held a press conference in his office. Among other things, he said he thought California might go Democratic. "No doubt about Missouri," he said. "And we have a chance of an upset in Idaho." He was happy to report that the top Democratic leaders in Texas were sure of their state. "And how can you disagree with that?" He also said we'd win in New York, Pennsylvania, maybe in Connecticut, with a good chance for Kentucky.

About Florida? "I'm reasonably well satisfied that Florida will be in the Democratic column this time," he said. "Both Stevenson and Kefauver campaigned in Florida; both have a lot of friends there. It will be no runaway, though."

Senator Smathers went on to say that he thought Senator Holland would be a big help in winning back to the state ticket those "conservative democrats" who voted last time for Eisenhower. "They are the ones Senator Holland is most influential with, more than any other person," he said.

## A CANAL NOTE

Canals can cause trouble. Today it is the Suz. But can you remember the fuss that the proposed Cross-State Canal stirred up back in 1937? It's back in the news. During the 84th Congress, Congressman Charlie Bennett worked to get \$11,000 for the U. S. Army Engineers so they could make a survey of the project from an economic point of view.

## Plan Glades Roads But Not To P-W

WEST PALM BEACH — The county commission again this week refrained from taking any positive action to investigate possibility of funding funds to build an access road from the Pratt & Whitney Company site north of Loxahatchee, to Glades communities.

At the regular meeting Monday, RECEIVED an offer to sell a large tract of land near Twenty Mile Bend as a possible site for a jet plane base.

NAMED a mile stretch of road south of SR 27 at Lake Harbor as the "Mutt Thomas Road." Thomas is a pioneer farmer in the Lake Harbor area.

HEARD a review of projects included in a \$4.3 million bond issue approved for road and bridge construction. Included in the bond issue are "three road projects in the Glades and a fourth at Boynton Beach," according to a press release from the county commission.

## EXP. STATION OFFICIALS AT GAINESVILLE CONCLAVE

BELLE GLADE — Dr. W. T. Forsee, Dr. Howard Ray, Dr. Herbert Chapman and Mr. and Mrs. Ralph Kicker of the Experiment Station staff are attending a general meeting in Gainesville of individual associates with the animal husbandry department of the University of Florida.

Purpose of the meeting is to bring teaching staff, extension specialists and research personnel together to discuss their problems and outline work being done in the various sub-stations throughout the state.

## Good Treatment For 'Muck Sickness' In Cattle

BY HERB CHAPMAN  
Assistant Animal Nutritionist Everglades Experiment Station

For some time, cattlemen in the Everglades area have recognized a condition in a small percentage of their cattle which has been termed "muck sickness," for lack of a better name. Little consistent effective treatment has been found.

Cattle with this condition are thin, weak, usually scour, have a rough hair coat and a generally dejected appearance. A certain percentage will eventually waste away and die. These cattle usually do not have typical mineral-deficiency symptoms as indicated by external appearance and tissue analyses.

Preliminary studies conducted by the Everglades Station in cooperation with cattlemen in the area during the last summer indicate a possible beneficial treatment for this condition. Six fluid ounces of a 4 percent copper sulfate solution, followed immediately by a phenothiazine drench to conform with the recommended dosage for the weight of the animal was effective as a therapeutic treatment for this condition.

ment for this condition. This treatment was given at 21 day intervals. Scouring was stopped in animals affected by this "muck sickness" and there was a subsequent gain in weight and strength.

It is important that the copper sulfate drench be followed immediately by the worm medicine. If more than a minute elapses between the two treatments, the treatment may not be effective.

The Experiment station staff will welcome inquiries concerning this treatment.

## Something to Buy? Sell? Trade? OBSERVED WANT ADS GET RESULTS

From where I sit... by Joe Marsh

## Changed Her Whole "Point of View"

Some local high school teachers spent the summer taking courses at the State University. They learned a lot, but one of them, Miss Williams—got homesick. "To save expenses," she reports, "we chose a hotel that was clean but grim. When I found my window looked out on a courtyard—my heart just sank!" But, when Miss Williams noticed a post of geraniums on the window sill—and a note saying "Look at these instead," (signed) "Last Occupant"—she decided to stick it out. She kept those flowers watered and tended to make things that much easier on the next occupant.

From where I sit, it's often hard to adapt to new surroundings—just as new customs often seem strange to us at first. For instance, if you've always had tea with your meals you might find it odd that I prefer a glass of beer. It's OK to prefer what's familiar to you... but also keep an open mind on what's not.

Joe Marsh

Mr. and Mrs. Dan Padgett of Hamilton, O. former Pahokee residents, announce the birth of a daughter, Nancy Isabelle, at Fort Hamilton Hospital on Sept. 19. Mrs. Charles Moran is the paternal grandmother of the new arrival.

Mr. and Mrs. H. L. Levy, Jr. and small son Britt, visited their uncle and aunt, Mr. and Mrs. J. H. Connell, Sunday afternoon. They were enroute from Winter Haven to Fort Lauderdale where they are making their home. The Levys formerly lived in Tallahassee.

Mr. and Mrs. Norman Kennedy spent last weekend in Gainesville where he served as one of the pallbearers at the funeral of Paul M. Tedder.

Among those attending the annual meeting of the Florida Fruit & Veg. Association convention in Miami Beach are Mr. and Mrs. Roy Vandergrift, Jr., Mr. and Mrs. H. Branch, Mr. and Mrs. J. M. Elliott, Mr. and Mrs. Lewis Friend, Mr. and Mrs. J. T. Boynton, Mr. and Mrs. R. W. Wilson, Mr. and Mrs. Robert Apelgren, Mr. and Mrs. James Wilson, Mr. and Mrs. William Plumer, and L. J. Prasare.

Dr. and Mrs. R. R. Long left yesterday for Atlantic City, N. J. to attend a national dental meeting. His office will be closed until they return Oct. 11.

David Hillier and Rammie Long were honored on the sixth anniversaries of their birthdays Friday afternoon at city park. Their mothers, Mrs. Gordon Hillier and Mrs. R. R. Long, were hostesses at a joint party and weiner roast which was attended by approximately 45 of their friends. The hostesses were assisted in entertaining by Mrs. Earl Barber and Mrs. Dave Mavor.

Mr. and Mrs. Lee Graham of Indian River City are visiting his brother, H. C. Graham.

Sgt. and Mrs. R. D. Erickson and son Lee of Homestead were the weekend guests of her uncle and aunt, Mr. and Mrs. D. W. Cunningham and family.

Mr. and Mrs. R. J. Schroder plan to visit her brother-in-law and sister, Mr. and Mrs. O. M. Murphy and family in Miami tomorrow. She will attend a conference of the Miami Herald correspondents, as their Pahokee area representative.

C. R. Mathis, sr. of Panama City has been guest of his son-in-law and daughter, Mr. and Mrs. H. M. McIntosh and family and daughter, Miss Julia Mathis.

## CANAL POINT

By MRS. A. H. SCRUGGS

Phone 3122

Mr. and Mrs. Charles Sears of Lakeland visited their parents, Mr. and Mrs. Harlan Sears and Mr. and Mrs. Homer Barnes on the weekend. Mr. Sears is taking a pre-dental course at Florida Southern College as a transfer student from University of Florida. They were accompanied on their return home by their small son Bruce who had been the guest of his grandparents for several days.

Dr. and Mrs. E. J. Graham and family were weekend visitors at Highland Park.

Guy Sharon returned Saturday from a tour of several months to western states and Washington, D. C.

Mr. and Mrs. R. R. Henderson were the weekend guests of their son-in-law and daughter, T/Sgt. and Mrs. James Barnes and family in Tampa.

Mr. and Mrs. Lon Wilson and family have as their guests his father, O. L. Norton of Albany, Ga.

William Wiley has returned to his home in Riverside, Calif., following a visit with his sisters Mrs. Ruth Meredith and Mrs. Kenneth Wiley of Belle Glade and their families. His mother, Mrs. Valetta Wiley of Pueblo, Colo. who accompanied him here, is remaining for an extended visit.

Dow McClelland, who is studying laboratory technology at Grady Hospital in Atlanta, Ga., will arrive today to spend the weekend with his parents, Mr. and Mrs. L. Y. McClelland.

Mrs. O. H. Shepherd honored her daughter, Hazel, on her tenth birthday with a party. Favors were given, and cake and punch served to Deanne Holland, Carolyn Maxson, Eloise Elliott, Ray Beth Gray, Katherine Sparks, Paula Gail Bryant, Dorothy Upton, Reta Hazen and Little Terry Echols and the honoree.

A surprise birthday party was given for Mrs. L. O. Lott, wife of the pastor of the Canal Point Methodist Church, Tuesday night at the home of Mrs. Don Kepp. All ladies of the church were invited, and the honoree received many lovely gifts. Hostesses assisting Mrs. Kepp were Mrs. J. P. Parker, Mrs. Francis Cross, Mrs. Leonard Maxson and Mrs. Earl Maxson.

Mr. and Mrs. Perry Hall had as their weekend guests her brother and sister-in-law Mr. and Mrs. Billy Bridges of Tampa and her mother, Mrs. C. W. Dukes of Barstow, Calif. Mrs. Dukes plans to remain here several weeks before returning to her home.

Mr. and Mrs. Harlan Sears had as their weekend guest Mrs. Angus Miller of Bartow, a former resident of Canal Point.

W. R. Dixon returned to his home last Friday after undergoing surgery at the Everglades Memorial Hospital.

Rev. J. W. Southerland of Nashville, Tenn. delivered both morning and evening services at the Canal Point Baptist Church Sunday. He is a friend of Rev. Don Penson, a former pastor of Canal Point.

Freddy Brock, accompanied by Oren Dotson and Willis Hoyle, left last Thursday for Maricao, Venezuela where they have employment with a construction

The first physical voice link to be established between North America and Europe was inaugurated this week via a new transatlantic cable system costing \$42,000,000 and built by American Telephone and Telegraph Company and foreign companies.

The cable system was under construction for more than two years and is the first underwater phone link to span any ocean. It will carry 36 conversations simultaneously. The ship at top laid the cable in the ocean depths.

"During the 1955-56 season I used DITHANE M-22 exclusively on over 1000 acres of tomatoes. Disease control was excellent ... In spite of generally poor growing conditions my overall average yield was 350 field boxes per acre, which was highly satisfactory under the year's conditions."

JOHN W. CAMPBELL

For excellent tomato disease control—grower uses **Dithane M-22** exclusively

During the past few years, one prominent grower after another has found that DITHANE M-22 (maneb) helps give the highest possible yield of marketable tomatoes that growing conditions permit.

There are three reasons: (1) DITHANE M-22 gives outstanding control of late blight and also protects effectively against gray leaf spot, early blight, Septoria leaf spot, gray mold and anthracnose; (2) it is safe for blossoms, fruit, and vines when used as recommended; (3) it helps the vines stay healthier, with rich green foliage.

If you spray, you can obtain DITHANE M-22 in two bag sizes, with just the right amount of wettable powder for any standard tank capacity. Your local dealer also has blended dusts containing DITHANE M-22, with or without insecticides.

DITHANE is a trademark, Reg. U. S. Pat. Off. and in principal foreign countries.

Sunday callers of Mrs. C. J. Brown, were Mr. and Mrs. Gid-

## New Fence Ideas Liven Up Your Home

Want a simple way to give a new look to your home, and new enjoyment to your family living?

A board fence is the answer—a board fence you can design yourself according to your needs and tastes, and can build yourself with hammer and saw.

Drawing on your imagination and on ideas in your newspaper, magazines and books, and using western pine lumber that is easy to work and widely available at low cost, you can create a new atmosphere around your home.

For example, you can get away from the hemmed-in feeling of the solid backyard fence, and still have your privacy, by spacing vertical boards on both sides of horizontal stringers so that the spaces on one side are matched by

boards on the other. The effect is one of airiness, yet there is no loss of privacy.

For a novel textured effect, the woven fence is popular and also easy to make.

Or a simple fence consisting of four-by-four posts and two plain boards, eight or ten or twelve inches wide, can work wonders in softening harsh front lines of a house or supply a pleasant backdrop for a garden.

More than that, a western pine fence is an easy way to enhance the value of your property.

Those picnicking at Lake Worth Beach were Mr. and Mrs. Robert Stoker and family, Mrs. Dick Miller, Billy, Sue and

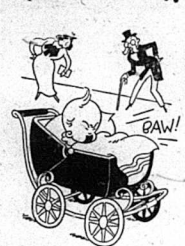

Charles, and Albert Oyster.

Attending the Florida Fruit and Vegetable Association convention in Miami Beach from South Bay Growers are Roy Seeger, Mr. and Mrs. Billy Rogers and Mr. and Mrs. Kelley Willis.

## Comic Strip Folk Ask Sister Kenny Fund Contributions

Minneapolis, Minn.—Several of the country's favorite comic-strip characters are making pleas for generous public support of the 1956 fund appeal of the Elizabeth Kenny foundation in daily and weekly newspapers throughout the nation.

They include Donald Duck, by Walt Disney; Bugs Bunny, Warner Bros. Pictures; Inc.; Lt. Abner, by Al Capp; Terry, by George Wunder; and Rip Kirby, by Alex Raymond.

Each cartoon character emphasizes that the Kenny foundation is expanding its treatment and rehabilitation program to include not only polio victims, but those of all ages muscular disabilities.

"The Kenny foundation rehabilitation program for polio patients and those with other disabilities which our medical staff feels may be helped is a complete one," Marvin L. Kline, national executive director, declared. "It strives not only to help patients make physical adjustments, but attempts also the solution of problems concerning family, mental outlook, education and ability for gainful occupation."

"Because of its tremendous demands in terms of trained personnel, a program of this nature is extremely expensive and one that will require subsidization from the Kenny foundation which has no source of income other than public contributions."

## Peanut Ginger Cookies

Peanut Ginger Cookies, milk and fresh oranges add up to a real Halloween treat.

Make-believe ghosts and goblins will forget their tricks this Halloween—when you set out a tray of treats like Peanut Ginger Cookies. Team the cookies with mugs of milk, cocoa or cider, and you needn't fear any Witches' devilment.

Peanuts and rolled oats are the secret ingredients that give these cookies a chewy quality. They are so easy to make when you use self-rising flour. The need to measure baking powder and salt is eliminated. The method is simple. All you do is combine the dry ingredients, blend the liquid ingredients, and then stir these two mixtures together.

Baking cookies for Halloweeners is great fun, and especially so when you use an easy recipe like this one.

### PEANUT GINGER COOKIES

- 1-1/4 cups sifted enriched self-rising flour
- 3/4 teaspoon ground ginger
- 1 cup light brown sugar
- 3/4 cup uncooked quick rolled oats
- 3/4 cup chopped peanuts
- 1 egg beaten
- 1/4 cup salad oil
- 2 tablespoons milk
- 1/2 teaspoon vanilla extract

Sift together flour and ginger. Add brown sugar and rolled oats. Stir in peanuts. Combine egg, salad oil, milk and vanilla extract. Add liquid to flour mixture, stirring until well blended. Drop by teaspoonful onto lightly greased baking sheets. Bake in moderate oven (375° F.) about 10 minutes.

Makes about 4 dozen cookies.

## GLADES OIL COMPANY AND SHELL OIL COMPANY

### ANNOUNCE A NEW GRADE OF GASOLINE

### THE SUCCESSOR TO SHELL PREMIUM

# Super Shell

with TCP

*It is the most powerful gasoline  
the most powerful cars can use*

An entirely new grade of gasoline  
The Shell Oil Company now introduces an entirely new grade of gasoline, Super Shell with TCP. This gasoline will not only meet the critical power needs of the highest compression '56 automobiles, it will satisfy the still more powerful cars expected for '57.

At the same time, cars which have used premium grade gasolines will perform better than ever on Super Shell with TCP.

Super Shell with TCP is higher than high test, even more powerful than Shell Premium Gasoline which it replaces.

It is, in fact, the most powerful gasoline the most powerful cars can use.

Super-Shell has a built-in "power pack"

Here's how this is possible. Shell is America's largest maker of gasoline for commercial aviation. Aviation gasoline contains special power ingredients known as aromatics, such as benzene, xylene, toluene. They pack more energy into a gallon of gasoline than anything else you can use. A high concentration of these aromatics gives Super-Shell its built-in "power pack."

What can Super Shell do for you?  
First, it can give your car all of the power it

was built to deliver. This means, for many motorists, more power than they have ever before experienced.

The power you get will be smoother, quieter power, for Super Shell gives anti-knock protection over your entire speed range—from low throttle to full throttle.

Furthermore, Super Shell can give you more miles per gallon—greater operating economy.

TCP unleashes the full power of high octane

Today's powerful engines build up harmful engine deposits within a few thousand miles of driving. These deposits can cause a substantial loss of power.

That is why Super Shell contains TCP... to neutralize harmful deposits and unleash the full power of high octane. It enables a car to deliver and keep on delivering its full power.

For a new gasoline—a new pump

When you drive into your local Shell station, you'll find Super Shell with TCP in a new white pump. Super Shell is the most powerful gasoline the most powerful cars can use.

\*Shell's trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

## BG BAPTISTS SET NEW RECORD BUDGET GOAL

The First Baptist Church in Belle Glade Sunday approved a budget for the coming year of \$46,030.80. This budget was submitted by the church on the recommendation of the budget committee and the city wardens. This is the largest budget ever to be approved by the church, and for the first time over half, or 51.1 percent, of the budget will be earmarked for missions.

Tonight will be the final evening service in observation of "Inspirational and Get-Acquainted Week." This service is designated as "Men's Night," and the Men's Brotherhood will sponsor the attendance. Dr. W. T. Forster, Jr., is president of the Brotherhood. Rev. Allan Watson of the Northwest Baptist Church, West Palm Beach, will be the speaker.

This Sunday will be the last one of the church year, and Promotion Day will be observed. Special programs have been planned in all departments. As a special welcome in the youth department, Mrs. Ercel Mixson announces that a reception will be held during the latter part of the Sunday School hour to introduce the youth and to acquaint them with the department. A goal of 350 has been set for Sunday School attendance, with plans for 100 in the training union that night.

## Mrs. Chappell Presides

### Over Guild in BG

Mrs. Thomas Chappell, vice president, presided at the first full meeting of the year of St. Elizabeth's Guild held recently at the home of Mrs. Rudy Faulk. Mrs. G. R. Townsend, president, was absent because of illness.

During the business session, Mrs. W. D. Matthews and Mrs. Faulk were appointed to the ways and means committee to work with Mrs. Thomas Bregger, chairman.

Reports were heard from Mrs. Ed Lively, chairman of the special committee which investigated the purchase of a new organ for the church recently.

Mrs. Bregger reported that a rummage sale is planned for November. Mrs. Bennie Weeks gave a report on the work of the altar committee.

The next meeting of the Guild will be held at the home of Mrs. Bregger at the experiment station.

## FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade

### CHRISTIAN SCIENCE GROUP, Canal Point

Man's God-given ability to cope successfully with fear, sickness, and all discord will be emphasized at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "Unreality" is the Golden Text from II Timothy (1:7): "God hath not given us the spirit of fear; but of power, and of love, and of sound mind."

The account of Jahaziel's prophecy and the overthrow of the enemies of Jehoshaphat (II Chronicles 20) will be included in passages to be read from the King James Version of the Bible.

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (228:25-27): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

## BG MINISTERS URGE

### ELECTION STUDY

The Belle Glade Ministerial Association at their meeting Tuesday passed a resolution in which they agreed unanimously that with the local, state, and national elections near, the citizens should be encouraged to study the important issues carefully, and to be sure to register to vote by Oct. 6, and to go to the polls on Nov. 6 and vote.

## WCS Theatricals Stage

### Pahoee Drama Monday

"This is My Task," a playlet written by Mrs. Clara Cotton of Jacksonville, wife of Dr. Clara Cotton, former Supt. of West Palm Beach District Methodist churches, will be presented at the Pahoee Methodist Church Monday night at 8 p. m.

The program is being sponsored by the Mary Martha circle of the WCS under the direction of program chairman, Mrs. Miriam Dulany. Invitations are extended to all women of the church and their friends.

The cast includes Mrs. Hugh H. Branch as Mrs. New Comer; Mrs. J. T. Pickett as Mrs. Sorri; Mrs. Louise Vain as the pianist; Mrs. Elliott, music arranger; and Mrs. Branch will sing "This is My Task."

On the refreshment committee will be Mrs. D. B. Watkins, Mrs. Robert Apelgren, Mrs. H. Holman and Mrs. Hugo Boe. Mrs. E. A. Jensen, president, will be in charge of the meeting, following the drama presentation.

## LAKE HARBOR WSCS HOLDS MONDAY MEETING

The WCS of Lake Harbor Methodist Church met at the church for the regular meeting Monday evening. Mrs. Hemphill, president, presided. Mrs. H. D. Merriam led the devotional and Mrs. E. W. Weaver had charge of the program. During the business session an "open house" at the parsonage was discussed and plans made for Tuesday night. A social hour was enjoyed and refreshments served by Mrs. Frank Robertson to Mrs. Jake Ryan, Mrs. John D. Hemphill, Mrs. H. D. Merriam, Mrs. E. W. Weaver, Mrs. L. C. McKinley, Mrs. Jim Spire and Mrs. Marvin Lee.

## Honor Youths Promoted In Pahoee MYF

A covered dish supper honoring the Intermediates promoted into the senior MYF of Pahoee Methodist Church will be held at the church social hall Sunday evening at 6 o'clock with Mrs. R. F. Hurt, social counselor, in charge.

To be honored are Nancy Thomas, Cindy Friend, Gill McIlwain, Dola Mims, Shirley Higgin, Judy Cunningham, Kony Padgett, Mrs. Sue Cox, Mrs. I. M. Lair, Mrs. John A. Dulany, and William Moss.

## Dist. Supt. At Pahoee

### Methodist Church Sunday

Dr. H. W. Blackburn, Superintendent of West Palm Beach District Methodist churches, will preach the sermon Sunday night at Pahoee Methodist church according to the pastor, the Rev. Wayne Owens. His topic will be "Christian Education." Dr. Blackburn will also conduct the first quarterly conference of the 1956-57 year immediately following the worship services, which begin at 7:45.

Mr. and Mrs. R. W. Sanders and their son and daughter-in-law, Mr. and Mrs. R. M. Sanders and son Mike, expect to have as their guests this week the former's daughter, Mrs. James S. Wilson and daughter Jean of Miami.

Jeanine Mock, Kay Friend, Buddy Parker and Latham Hunter, students at University of Florida, were weekend guests of their parents.

Mr. and Mrs. Leo Maxwell and family had as their weekend and guests his brother-in-law and sister, Mr. and Mrs. Kearney Gilbert, and their son-in-law and daughter, Mr. and Mrs. Billy Gilbert and son Gary of

Chipley. Also Mr. Maxwell's brother and sister-in-law, Mr. and Mrs. Wilbur Maxwell and son Robin of Fort Lauderdale. The above were also the guests of their brothers, Ralph, Earnest and Clarence Maxwell and families and their sister, Mrs. George Mead and Mr. Mead. On Sunday the families had a reunion and picnic dinner on the city dike park grounds. Mrs. Nole Cunningham and Mrs. Carrie Humphries were also guests.

Mr. and Mrs. L. P. Vann had as their weekend guests, his brother-in-law and sister, Mr. and Mrs. George Pillaud, of St. Petersburg, and their son-in-law and daughter, Mr. and Mrs. Leroy Putnell, of Sebring.

Mr. and Mrs. Vance Denton attended a Prudential Life Insurance agents' conference in Miami last weekend.

Miss Derother Rushing, who is attending Charron-Williams Commercial College in Miami,

## YOUR SKIN IN SUMMER

Many of us worry considerably about our stomachs, hearts or falling hair, but take our skin very much for granted. Our skin is a strong yet sensitive organ. Among other things, helps our body adjust to heat and cold.

The seasons exert considerable influence upon our skin's functions and diseases. Various types of winter rashes improve greatly or even disappear in summer. However, threats to healthy skin are brought by the warm weather.

Poison ivy and its unwholesome plant-cousins affect more persons in summer. Don't be fooled into thinking you are permanently immune to these weeds — you may become allergic to them at any time. Following contact with these plants, immediately wash the entire body with soap and water. Once an eruption has appeared, do not use soap on affected areas. Avoid poison ivy. The best prevention of athlete's foot, a fungus disease of the feet, consists of careful washing and drying of the feet, especially between the toes.

Tricky heat is an annoying rash caused by sweat being secreted into the skin instead of onto the skin surface. It can often be relieved by your spending about one third of the time (e.g., the night) in a cool, preferably air conditioned room.

Frequent bathing in salt water, contrary to most beliefs, does not damage normal skin or hair, although dryness may occur from the combined effect of sun and water. This condition is often remedied by simple lubricants, such as lanolin.

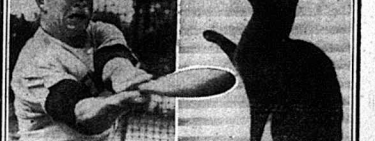

Many vacationers feel that a good sun tan glamorizes them. But a word of warning: excessive exposure to sunlight may not only cause sunburn and sunstroke, but extreme, repeated burning over a period of years may result in premature wrinkling and aging of the skin and in greater susceptibility to the development of skin cancer. So don't carry tanning too far. Be kind to your skin this summer.

## THE TEENAGERS

By Douglas Gillis and Ronnie Hitchcock

Hello again there fellow teenagers! How did you like the first column to come off the press? Let's hope in the future there will be more to write about.

Annals are now on sale for \$1.50 down and \$1.50 when the yearbooks arrive. You may purchase one from Shirley Barlow, Wilda Davis, Annette Gordon, Judy Shackford, Carolyn Cross, by Douglas Gillis, Chester Mullis, Clifford Stuart or Clyde Alley.

Pahokee plays at Clewiston tonight, and if you plan to attend this game, please drive safely and don't speed. Remember the life you save may be mine. Let's plan to give the Blue Devils the backing up they need at their games away from home.

Seniors have elected their "Superlatives" as follows: Annette Gordon and Fred Blakey, best looking; Judy Shackford and Rupert Mock,

best dancers; Joan Jarrel and Chester Mullis, best personality; Lory Rockwell and Gordon Chase, most likely to succeed; Pat Crady and Clyde Alley, cutest.

Anna Lee Boyd and Bobby Mullis, most bashful; Sandra Adams and Gordon Chase, most intelligent; Theresa Pope and Earl Meredith, most dependable; Betty Rainier and Max Beverly, most athletic; Annette Gordon and Max Beverly, most dignified; Theresa Pope and Douglas Gillis, wittiest; Wilda Davis and Earl Meredith, most service to the school;

Pat Crady and Rupert Mock, best dressed; Linda Sellers and Chester Mullis, biggest flirt; Wilda Davis and Clifford Stuart, and John Guerry, most studious; most courteous; Sandra Adams, Beth Smith and Harry Shepard, class pet and pest; and Betty Rainier and Ronnie Hitchcock, best all-around.

## GLADES FOOTBALL IS HOT, BLUE DEVILS AT CLEWISTON, BG AWAY

Glades football fans may be in for one in their most intense seasons, with Belle Glade and Clewiston already showing promise of attaining a level of gridiron prestige which Pahokee high school has enjoyed down through the years.

A test of Glades pigskin supremacy will be held tonight, when Pahokee's Blue Devils meet Coach Carl Ferrara's Clewiston team on the latter's field. Pahokee was defeated, 18-7 in the opening game last week by a razor-sharp, well-conditioned Bartow team. Only in the game's last stages were the Blue Devils able to organize an effective offense.

Coach Web Pell has drilled his team steadily this week on defense against a single-wing formation, which the Clewiston team used in clomping Okeechobee, 32-2, last week.

Belle Glade's Golden Rams were an alert, surprisingly audacious football crew in the last but week under the tutelage of Coach Jim Maynor, much to the delight of a full house which turned out to watch the Rams whom Seacrest, 34-0, to assume a tie for first place in the Suncoast Conference.

Tonight, Belle Glade will be at Lake Worth, which earned a high pre-season Suncoast Conference rating from clomping experts. Lake Worth lost to Vero Beach last week, 19-7.

### ROCK 'N ROLLERS HAVE MIDNIGHT SHOW IN W.P.B.

WEST PALM BEACH — A midnight "Teenage Jamboree" will be held Saturday night at the Palms Theatre featuring outstanding musicians and a "rock 'n roll" dance contest with audience-participation impersonations of Elvis Presley and other TV stars. Emcees of the show will be Wyman Baker and screenwriter will include four features.

### Jeanine Mock Is In

First U. of F. Nursing Class GAINESVILLE — Jeanine Mock, daughter of Mr. and Mrs. W. Rupert Mock, 234 East Main St., Pahokee, is one of 44 women accepted for the first class by the University of Florida's new college of nursing. The college opened this month and will graduate its first class in 1960. Miss Mock, a graduate of Pahokee high school, is a freshman at the university.

FIRST DAY at work for Southern Bell Telephone Company's 50th employee in the Belle Glade-Pahokee area. Shown at left, Joseph Ricke, with his supervisor, M. E. Ludlow, plant foreman.

### EPISCOPAL CLERGY STUDIES ALCOHOLISM

BELLE GLADE — Father Walter G. Martin and Father John Clarence Petrie, deacon-in-charge and vicar, respectively, of the Church of St. John the Apostle in Belle Glade and the Church of the Holy Nativity in Pahokee, have returned from an important conference at Camp Wingham.

The conference was a three-day affair at which members of the clergy studied problems presented by alcoholism, conducted with the cooperation of the State Alcoholic Rehabilitation Agency.

### Don Adams Is 2nd Lt.

GAINESVILLE — Don T. Adams of Pahokee has been promoted to second lieutenant in the Army ROTC at the University of Florida.

Story With A (Ball) Point It's not that postal authorities don't trust the public. They simply are aware of human nature.

That explains why Pahokee and Belle Glade post offices have made available useable, no-stamp ball-point pens for public use in their respective post office lobbies — during business hours.

In Belle Glade, they anchor the new pens by chains to fixtures. At closing time the working part of the pens are unscrewed and stored for safe-keeping.

In Pahokee, the pens are padlocked to fixtures and are likewise removed at closing time.

By Lewis

### HERE'S HEALTH!

**Cabbage**

ANCIENT GREEKS BELIEVED THAT CABBAGE EATEN BEFORE DRINKING WINE WOULD PREVENT DRUNKENNESS

CABBAGE IS HIGH IN NUTRIENTS, ESPECIALLY VITAMIN C, AND LOW IN CALORIES. ONLY 95 TO 145.

CABBAGE IS BEST COOKED QUICKLY IN AN OPEN KETTLE. USUALLY A HEAD REQUIRES NO MORE THAN 20 MIN. BOILING

TREAT YOUR FAMILY TO A GOOD OLD FASHIONED NEW ENGLAND STEAMER OF CABBAGE CORNED BEEF POTATOES AND OTHER VEGETABLES

## IT'S UP TO YOU

By Hoteard E. Kershner, L.H.D.

IN a recent issue of United Ecumenical Action, R. H. Martin, former President of Geneva College, quotes Dr. Charles Clayton Morrison, former editor of the Christian Century, as saying: "The churches cannot mold the mind even of their own children if they have to do it in competition with a secular public school system."

This is equivalent to saying that if religion is neglected or ignored in the five days of the school week, it is difficult to impress the child with its importance. Perhaps unconsciously, boys and girls know that it can be safely neglected for five days, it isn't very important even on the other two.

If this be true, and there is much reason to believe it, how are we to develop the integrity and respect for moral principles that are essential to good government, clean honorable business, and the perpetuation of the free institutions which mean so much to us. Freedom is possible only for men of conscience, consideration for others, honesty and upright moral character. If these qualities are not being developed; if religion is to be neglected in the large area occupied by the school in the life of the child, what is the answer?

We would be pleased to hear from our readers on this subject.

## JR. BLUE DEVILS DO IT! — BEAT CLEWISTON, 6-0

PAHOKEE — The junior high school football team of Pahokee gave their older Blue Devil brothers a mark to shoot at Tuesday when they defeated Clewiston junior high, 6 to 0, on Lair Field.

The Pahokians played pretty much of a defensive game but in the third quarter Jim Maxwell fielded a punt and returned the ball to Clewiston's 17-yard line. Sonny Young traveled the remaining distance on a reverse on the next play for the game's only touchdown.

Clewiston was on the offense most of the game and scored a touchdown which was nullified by an off-side penalty.

Outstanding for the junior Blue Devils, in addition to Maxwell, were Gerald Hayes, Henry Holt, Joe Alderman and Daniel Jarrel. Winning coach was Leland Keen.

## BG DALLIES

(Continued From Page 1) asked to make site recommendations.

However, Rardin emphasized, the recommendations of the survey group will not be binding on the commission when it selects the sub-courthouse site.

In other major action, the commission voted to annex into its city limits all of Addition 2 in the Eastlake Park Subdivision owned by O. G. McWhorter. It also authorized McWhorter to seek a permit from the Corps of Engineers to work at building a road along the north side of Hillsboro Canal.

The commission also passed on first and second readings an ordinance to go into effect on Oct. 15 city statements raising garbage collection fees by about 50 percent.

## SPOONER

(Continued From Page One) plant for the theatre and it furnished the first electric light in Pahokee.

The doctor has delivered upwards of 700 babies in the Glades since he came here 38 and a half years ago, and brother Elks hope a lot of them can be on hand for the Appreciation Day barbecue.

One of them will be there. He is George Tucker, Jr., now exalted ruler of the Pahokee Elks, and president of the City Council. Dr. Spooner heroically braved the 1926 hurricane to bring him into the world.

George stresses that the benefit barbecue is open to all, and hopes entire families will attend.
